Subject: Animas River Cleanup

Laura,

Bill Murray gave me your contact information and suggested contacting you. I work for a large privately-held company that specializes in water cleanup. We focus on separating liquids and solids and are successful in removing heavy metals.

Please let me know if we can help with this project and if you're interested in learning more about our company, services and products. I'm sure you are very busy and I appreciate your time and consideration.

Best regards,

J. Kevin Loucks, Business Development Manager
